- *I confirm that due to the Covid19 Outbreak I am unable to screen the herd named above without unnecessary risk enforced social distance restrictions.
- *I have explained to my client that due to this their status will be maintained for the duration of the restrictions, and that once restrictions are lifted the screen must be completed within a specified time period (To be specified by BVDFree)
- *I confirm to the best of my knowledge and from conversations with the above herd keeper that all terms and conditions of BVDFree including biosecurity and added animals policies have been followed and will continue to be followed.
